- The United Nations (UN) has entered into a formal partnership with the world's largest corporate lobby group, the World Economic Forum. The corporations in the WEF fund much of the budget of the World Health Organization which is a part of the UN.
- Multinational corporations exert an inordinate influence on the scientists at the WHO.
- The WHO is moving from an advisory role to a directing role and is changing its "non-binding recommendations" to mandatory directives for Health Emergencies.
- Canada's Health Minister claims Canada will retain full jurisdiction over all health emergency measures yet the latest draft of the WHO's International Health Regulations (IHR) contain many terms Canadians find UNACCEPTABLE - more testing mandates, travel quarantines, personal data disclosure, censorship, and more.
